

LMJ-COMPLETE EXTERNAL MOBRA MOUNTING KIT

Product Image

Product Description

The LMJ Complete External MOBRA Mounting Kit is fitted to the base of the closure. It is then used to mount the closure in a footway box and allows storage in the LMJ mobra mounting Kit for mounting the LMJ enclosure. The arm is designed to be used in FW 4/6/10 chambers and used with a FW 4/6 mobra chamber mounting bracket and FW10 mobra chamber mounting bracket.

Overall length 810mm x width 60mm
