

# Mobra Mounting Bracket (XJTSC03203)

## Product Images

## Product Description

The LMJ Complete External MOBRA Mounting Kit is fitted to the base of the closure. It is then used to mount the closure in a footway box and allows storage in the LMJ mobra mounting Kit for mounting the LMJ enclosure. The arm is designed to be used in FW/4/6/10 chambers and used with a mobra chamber mounting bracket and mobra chamber mounting bracket.

Overall length 810mm x width 60mm.
