

Divisible block connector Duct - 8/5mm Fibre- 2.4mm

Product Images

Product Description

For easy gas- and watertight sealing of cables in microducts. The **microduct seal** is easy to mount on new installations and existing installations. Thanks to the clever design, shifting the seal over the fiber now belongs to the past. Due to the compact design this seal can be installed in every situation, even in locations with difficult access.

Product Advantages

Slim design.

Easy installation.

Suitable for retro fitting.

Gas- and water tight up to 0,5 bar.

Other versions available upon request.

No need to slide the seal over the glass fibre for installation.
