

End Cap 12mm Pressure

Product Image

Product Description

These **microduct end stops** were developed to connect microducts with each other. Our system enables an easy, fast connection and disconnection of the microduct. The connectors' robust construction resistance to high pressure forces, allowing them to be used in direct buried (DB) applications. The transparent body enables easy visual inspection of the cable with in the connector.

For 3-25 mm Microducts.

Micro duct end stop with easy “push-in” installation.

Crystal clear transparent body.

95% of the material is made of non-metal.

Locking rings to prevent accidental removal of HDPE micro duct end cap.
